Learn to Speak Chinese. "Chinese Characters and Nature: a fascinating and mysterious unity!" Through the introduction of the development and formation of some basic Chinese characters, we can easily make people and even little children understand how these characters are written. There's a clear bond between Chinese characters and nature (esp. the ancient Chinese writings). The once difficult written form suddenly becomes so easy and interesting to learn. And it's also hard to believe that the Chinese are still using these ancient forms today.
